

CABLE CATCHERS

Cable Catchers are designed to elevate trailing cables off the floor, removing potential trip hazards from site.

Cable Catcher Hanger

- Holds up to 9 x 110v arctic cables
- Max load 5kg
- Hang from scaffolding, cable trays, ceiling grids and other overhead features
- Space every 2 metres
- Ideal for holding up temporary lighting
- Can be screwed to the wall if required

Cable Catcher Patch Grade 2

- Designed for finished surfaces – plastered / painted walls, drywall and glass
- Holds up to 6 x 110v arctic cables
- Max load 1kg
- Stretch off, damage-free adhesive backing
- Space every 2 metres
- Can be screwed to the wall if required
- For application and removal instructions see product/website
