Working for C&C Marshall Ltd or an associated Company

Please note the following detail is for information only and is meant as a summary to illustrate some of the main terms and conditions that are likely to apply should an offer of employment be made to you. The specific terms relating to an offer of employment made directly to you will be detailed separately.

This application document is dated 02/12/2019 and the detail contained is just for illustrative purpose only, it may be changed at any time by the Company without notice.

PAY PERIODS

Pay periods are monthly (this applies to all employees) and payments are made, as a normal method, directly into an Employee's nominated Bank Account on or around the 28th day of each month.

WORKING HOURS

A major part of the Company operates on what would be classed as standard day work, i.e. completing between 35 to 40 hours, usually over 5 days (Mon-Fri) each working week. However, jobs roles in some parts of the Company work different hours and days, such as jobs associated within Production, Engineering or Logistics, these areas may work a shift pattern and this may mean a requirement to work on a variable, alternating shift including night work or operating a call-out system.

PROBATION PERIODS

Any offer of employment is always subject to the successful completion of a probation period, the probation period can last up to 2 years but generally we would expect to be able to confirm employment after a 3-month initial settling-in period.

PENSION SCHEME

The Company currently provides access to pension options and, as this is a more detailed area, further information is provided on the commencement of employment.

HOLIDAYS (ANNUAL LEAVE)

The leave year runs from 1st January to 31st December in each year, with total annual entitlement accruing at the rate of 1/12th of an employee's normal annual entitlement per each calendar month worked in the year. An employee's specific annual leave allowance and the rules relating to it are set-out within an employee's specific terms and conditions of employment. However, and for your awareness, the normal standard base for someone attending work on 5 days each week is a total of 33 days per each calendar year (this includes any locally applied statutory leave days each year (normally 8 days)).

REFERENCES / REPORTS

Any offer of employment will be subject to the receipt of satisfactory employment references, although employment references will only be taken up following confirmation of the Applicant's consent, see tick box options on Page 4 within the main Application Form document.

NO SMOKING POLICY

Smoking (traditional cigarettes, cigars, pipes and/or electronic smoking devices) is not permitted on any Company Site, property or in any Company Vehicle.

EQUAL OPPORTUNITIES

Clearly the Company has the intention of treating all applicants and employees equally within its recruitment process or when people are employed. If you think (at any time in your dealings with the Company) you have been treated unfairly or unequally we want to hear from you so that we may review and address the concerns you have and look to resolve such matters so, subject to findings, unfairness, imbalance and inequality is removed from our processes and approach.

We hope the above gives you some background awareness and is helpful? Of course, if you have any further questions about working for our Company, do feel free to give us a call and ask. We'd be happy to hear from you.

Contact detail can be found on page 1 of the Application Form.
